Element United Disclaimer

Element Nodes and the Element Blockchain are governed by a Distributed Governance Framework (DGF), which is distinct from and not solely controlled by Element United DAO LLC (AKA Offset). Any value derived from Element Nodes and Element Digital Rewards is likely to be uncorrelated with the success or failure of Element United (AKA Offset). Element United does not sell tokens or digital rewards. The Element Blockchain, which is governed by Element Node owners, self-governs the distribution of Element Digital Rewards. Element Digital Rewards are earned in exchange for work and action on the Element network. Element Digital Rewards are designed to have utility throughout the Element Ecosystem for the purchase of Element United's (AKA Offset) products and services. The Element Digital Reward is not an investment product and may never have any value outside of the Element Ecosystem. Element Node owners should not expect to recognize any value from the Element Digital Reward other than its utility within the Element Ecosystem. Element United (AKA Offset) does not anticipate correlation between the Element Digital Reward value and Element United's (AKA Offset) business activities. The Element Blockchain is not backed by gold.

Element Forward-Looking Statement

This document may contain forward-looking statements that involve substantial risks and uncertainties. Forward-looking statements discuss plans, strategies, prospects, and expectations concerning the business, operations, markets, risks, and other similar matters. There may be events in the future that we cannot accurately predict or control. Any forward-looking statement contained herein speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We do not plan to update or revise publicly any forward-looking statements except as required by law.

Disclaimer On Carbon Pricing:

The financial metrics presented herein are designed to outline the potential revenue from these key ecosystems over a period of 40 years. The pricing information provided is purely for educational purposes and should not be construed or relied upon as financial or investment advice. It is crucial for users to recognize that actual market prices for carbon credits can be influenced by various conditions. These conditions encompass, but are not limited to, the differentiation between compliance and voluntary markets, the complex interplay of market supply and demand, the levels of transparency and verification mechanisms in place, the specifics of individual carbon offset projects, as well as the ongoing development and maturity of the carbon market. Any actions or assessments stemming from carbon pricing must be made with a comprehensive grasp of these considerations. Element United (AKA Offset) is not responsible for any decisions, actions, or outcomes resulting from the use or interpretation of this information.
